

Planting Art Application

Spring 2022 Planters Are Available to Order!

Join the Village of Ballston Spa Committee on the Arts as we begin the Spring phase of our "Planting Arts" project! We are excited to offer planters to all businesses and residents. These planters will line the streets of Ballston Spa with Art and can be decorated by members of our thriving artist community, residents themselves, business owners and community organizations.

Proceeds from this project will benefit the endeavors of the Ballston Spa Committee on the Arts and will also allow us to treat our community and visitors to an ongoing walking tour of art in many mediums on the streets of Ballston Spa. Follow along as these planters are unveiled and a virtual map of planters throughout the Village is created on BallstonSpaArts.com
